The Dublin North Bereavement Network are hosting a free information evening on loss and grief for people bereaved through any circumstance – the death may have been through illness or sudden death; and you may have lost a partner, parent, child, friend, sibling, work colleague or relative. The event will provide information about grief and the range of bereavement supports available in the local area.

There will be representatives from a range of local and national bereavement supports at this event. Information and resources will be available for you to take away and, if you wish, you can talk with service representatives about the supports they provide.

Refreshments will be available throughout the evening.  
Free on street parking is available from 7pm
